Title: EXTRUSION MOLDING MACHINE

Examiner: COOLEY, CHARLES E

Group Art Unit: 1723

Dear Dr. Cooley, Charles:

2004/06/15

Good Morning

Thanks and received your email regarding my Patent Application 10/010,059

I will and am willing to pay the fee I have to; but Please do reconsider your ACTION date 12/18/2003. And try to remember why you send Final Rejection AGAIN (it is because I did not receive your Final Rejection 08/14/2003).

I am sure you will find the "reply to this final action is set to expired THREE MONTHS from the mailing date of the action". on your Action date 12/18/2003. To my understanding, I should pay Extension fee US\$165 only, because REC fee is not required; the reason as following:

1. I did not receive your final rejection 08/14/2003, and that is why you send final rejection again date 12/18/2003;
2. REC penalty fee is not apply to my application as the reason above, and quote on you ACTION date 12/18/2003, I am sure I do have THREE month allowed to reply timely and the due date is 03/18/2004.
3. Your Advisory 03/10/2004 arrival my office on 03/22/2004, it is expired the due date 03/18/2004.
4. Please do reconsider applicant lives in OUTSIDE U.S.A. I do have the problem to receive the mail as American Resident does!!

I am sure you do not like my application Abandon; and do please confirm my statement above reasonable, and advice all have to pay is extension fee US\$165.

Please reply as you received for your setting due date is 06/18/2004!!!!

Please find enclosed file: ACTION 12/18/2003

Best regards

*Jun-Rong Lin*
